

We had a brilliant day on Tuesday this week with our 2024 Aspirations Day. Children from Reception to Year 6 worked in mixed groups to learn about a wide range of professions: software engineering, occupational therapy, fire service, photography, plastering, nursing, church apprenticeship, disability campaigning, art, music, beauty therapy, university research, insurance, radio presenting, sound engineering, and we even had a DJ showing us how to mix tracks and use lighting! We can't thank our visitors enough for volunteering their time to come in and speak to the children about what they do. Everyone was very inspired and spent time reflecting on their own aspiration and their hopes and dreams for the future. As well as this, everyone found time to work very hard in lessons as usual. Year 5's D&T project saw them making working vacuum cleaners using electrical circuits, Year 6 shone in their auditions for their end of year performance and Year 4 are developing their times tables fluency. Year 3 used drama to show how pollination works, Year 2 became weather forecasters and Year 1 took Maths outside to investigate capacity using water. Finally, Reception loved pretending to be monsters in PE and following the monster leader using different ways of moving. What an incredible week!

Congratulations to our Headteacher, Deputy Headteacher and Values winners this week!

Congratulations to Joshua, Aron, Nathaniel, Aaryan, Jacob, Felicity, Faith, Ben, Alaia, Erin, Hannah, Mielahier, Azaria, Rohan, Edith, Rosie, Imogen, Olive, Alex, Rubin and Jack. We are very proud of you!

Dates for your diaries
