

Maths skill to practice this week: **recognise and name 3D shapes.**

- Match each shape to its name.

- Complete the sentences to describe the model.

There are _____ cuboids.

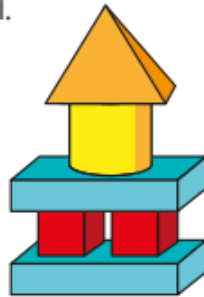

There are _____ cylinders.

There are _____ pyramids.

There are _____ cubes.

Use 3-D shapes to make your own model.

Ask a partner to describe it.

- Which shapes are cubes?
- Which shapes are pyramids?

Mo has a 3-D shape.

He covers the bottom of the shape.

Mo's shape
must be a cube.

Do you agree with Tiny?

Talk about it with a partner.
