

Maths skill to practice this week: **number bonds within 10.**

- Here are five cubes.

Break them apart in different ways to find all the number bonds to 5

One has been done for you.

$$3 + 2 = 5$$

- Use seven double-sided counters.

Make 7 in different ways.

How many ways can you do it?

Write number sentences to match your counters.

- 9 is the whole

What could the parts be?

Draw a part-whole model for each of your answers.

Write an addition sentence for each part-whole model.
