

In Reception this week...

Week beginning 7/7/25

Come and Share - thank you for supporting us this week! The children were set a challenge to make a boat from junk modelling materials. They did a fantastic job and it was great to see that lots of the boats did float when we tested them out!

We have been learning about two more digraphs that both make the 'ee' sound - ea (as in sea) and ie (as in shield).

Can you find any words with 'ea' and 'ie' in your reading book that make the sound 'ee'?

This week in Drawing Club we read '[Somebody Swallowed Stanley](#)'. This is a wonderful book about the problem of plastic pollution in our seas. We had some interesting discussions about what happens when our plastic litter ends up in the sea. The children drew some fantastic underwater scenes.

Maths - we have been problem solving this week! We have looked at addition problems and doubles.
