

In Reception this week...

Week beginning 17/3/25

In RHE we played 'bug in a rug' as a turn-taking game. One child had to guess who is hiding. The children thought of clues if the guesser couldn't work it out. A big hit and now they ask to play it all the time!!

We have been learning the sounds [igh](#) and [oa](#) this week. Can you find any words with 'igh' and 'oa' in your reading book? Can you think of some words to write down? Watch the linked videos to find out.

In Drawing Club we read 'The Tiny Seed'. We thought about following a different sunflower seed and imagining what would happen to it. Would an animal eat it? Would it grow really tall? [The Tiny Seed link.](#)

We looked at the artwork in the book and painted our own flowers using watercolours.

In Maths we have been finding ways to make 9 and 10 (we used bean bags in hoops) and we have started to look at addition number sentences. We talked about the add and equals symbols.

There have been no individual readers this week as we have been doing individual maths assessments. Reception children have all been amazing!
