

# In Reception this week...

Week beginning 12/1/26

On Thursday, we went to [Allesley Park Library](#). We enjoyed choosing our own books to look at and we found some books on space to take back to our classroom. In our topic sessions we have continued to find out about the planets and the sun. We looked carefully at some images of the moon and we used watercolours to create our own moon pictures!

In English, we continued with our text [Whatever Next!](#) by Jill Murphy. We re-told the story to our talk partner and made story maps to help us think about the beginning, middle and end. We also chose a picture and wrote a sentence about the story.

We have been recapping some sounds in phonics this week ([j](#), [v](#), [w](#) and [x](#)). We practised writing some tricky words and we have been looking out for our new [tricky words](#) in our reading books. The new tricky words are - my, you, her, they, all, are.

In maths, we have returned to subitising to 5 and making numbers in different ways using our fingers. We used a number track and dice to play a game and we have also practised writing numbers to 4.
