

In Reception this week...

Week beginning 15/9/25

Reception have continued to settle in brilliantly! We have been thinking about how we can look after each other and all the lovely things we have in our classroom. We have created a classroom agreement together and Reception are doing a brilliant job of following it!

We started Drawing Club this week with the book '[Our Class is a Family](#)'. We talked about how we belong together at school and how we can try to look after each other. We've talked about our families at home too. We made these super pictures using chalk.

Each week in Drawing Club we have a question to think about. This week our question was, 'What if a new child joined our class?'. The children came up with lovely answers about welcoming a new child into our class.

We would love to continue talking about our families and we would be very grateful if you could send in a photo for your child to share with the class. You can either send in a paper copy or email them to our office. Thank you!
